ATTENTION REALTORS

Did you know that Robert K. Ace Jr. Construction, LLC has a realtor referral program? You can earn a commission simply by referring your customers to us. It's easy!

Why should you refer your customers to us?

- We know that the existing real estate market is tough! The inventory of existing homes for sale are at historic lows and the pandemic has created more competition than ever.
- We have a track record of success. RKA has been building new homes in the Pocono and Lehigh Valley area for over 25 years.
- We have a defined process and team approach. Your success = Our success.

How does it work?

1. Call us at 570-420-9908 and let one of our sales representatives know that you have a customer who is interested in new home construction.
2. Provide us with the customers demographic info.
3. We'll help you determine if your customer is financially qualified for new construction.
4. Set up an appointment to introduce your customer to our team.
5. Our sale representative will work with your customer to put them into a house/land package that they will love!
6. When the sale closes, you get paid.

Check out our website (rkaconstruction.com) for additional info and helpful resources. DON'T WAIT. Call us today!
